

Year of Care National Network Event

*Care and support planning across a lifetime
from long term conditions to multi-morbidity
and frailty*

20th Sept 2017

9.00am – 4.30pm

The County Hotel, Newcastle upon Tyne, NE1 5DF

During the event you will have the opportunity to:

Consider the **practical elements** of implementing care and support planning

Network and meet others with similar aims and aspirations to **improve quality** and extend the scope of care and support planning

Work out what care and support planning pathways, processes and resources will look like in **new settings** or/and conditions, such as MSK conditions and people living with frailty including **practical examples** from the Year of Care community of practice

Attend **workshops** to consider issues including **multi-morbidity**, frailty and groups of people not currently routinely included in care and support planning

Consider the **workforce challenges** around care and support planning consultations for people with more complexity

Hear about care and support planning and the wider world including **importance and impact**

Confirmed keynote speakers

Dr Alf Collins

Clinical lead in person-centred care NHSE

Dr Sue Arnott

GP, Lead Clinician NHS Lanarkshire Diabetes MCN and NHS Lanarkshire House of Care

Dr Robert Westgate
